- **Yoga Pose Classification System** – Built machine learning model to classify yoga poses and provide real time feedback for user posture correction.
- **Knee Osteoarthritis Prediction System** – An AI-powered system for automated detection and severity classification of Knee Osteoarthritis (KOA) using deep learning and computer vision by processing X-ray images.

Certifications:

- *The Fundamentals of Digital Marketing* - Google.
- *Introduction to Cloud Computing* - eDX.
- *Build a Face Recognition Application using Python* - Guvi
- *AI Chatbots Without Programming* - eDX
- *Data Science Certification* - Besant Technologies
- BEC Preliminary – *Business English Certificate*

Area of Interest:

- Data Analytics
- Artificial Intelligence
- Web App Development
- Data Science
- Power BI

Soft Skills:

- Strong Communication and interpersonal skills through campus helpdesk volunteering
- Critical thinking & Creative problem solving

Personal Details:

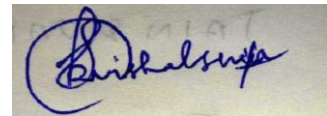

- Date of Birth – 09/06/2002
- Address – No 4, Nanjappa Gounder Street, P.N.Pudur, Coimbatore – 641041.
- Languages Known – English, Tamil, Sourashtram

Hobbies:

- Video Editing /Meme Creation
- Playing Cricket

Declaration:

I hereby declare that the above-mentioned information is correct up to my knowledge and belief.

Place: Coimbatore
